DIFFERENTIAL EQUATIONS AND ALGEBRA” (OCTOBER 16-19, 2019,
ASTANA, KAZAKHSTAN)**

FIRST INFORMATION LETTER

Dear Colleagues!

The L.N. Gumilyov Eurasian National University (Astana, Kazakhstan) will hold through October 16-19, 2019 the International Conference “Actual Problems of Analysis, Differential Equations and Algebra” (EMJ-2019), dedicated to the 10th anniversary of the Eurasian Mathematical Journal.

The Eurasian Mathematical Journal (hereinafter EMJ) was founded in 2009 by the L.N. Gumilyov Eurasian National University (hereinafter ENU) with the assistance of the M.V. Lomonosov Moscow State University (Russia), Peoples' Friendship University of Russia (hereinafter RUDN) and the University of Padua (Italy). Starting from 2018, the journal is published jointly by ENU and RUDN. Members of the Editorial Board are more than 60 distinguished scientists from more than 25 countries. In the years 2010-2018 more than 300 original scientific and review articles were published in the journal. The journal is included in the Scopus and Web of Sciences databases, reviewed by Mathematical Reviews (USA), Zentralblatt für Mathematik (Germany) and Referativnyi Zhurnal “Mathematics” (Russia). The journal is registered in the portals MathSciNet (USA) and Math-Net.Ru (Russia).

The conference will be held in the following sections.

1. Theory of functions and functional analysis.
2. Differential equations and equations of mathematical physics.
3. Algebra and theory of models.

Selected papers by participants will be published in the Eurasian Mathematical Journal and the Bulletin of Karaganda State University "Mathematics", which is included in the Web of Science database.

The work of the Conference will consist of plenary and sectional talks, and poster presentations. The official languages of the conference are Kazakh, Russian and English. It is planned to publish abstracts to the beginning of the Conference.

The registration fee 15,000 tenge, or 40 US dollars for all participants and 5,000 tenge, or 15 US dollars for doctoral, master and baccalaureate students includes the preparation of conference materials and the organization of coffee breaks.
